We highly recommend that you deposit enough money in your student's account to cover at least one week's worth of lunches or milk for cold lunch students. This will guarantee that your student has enough money in their account when they need it.

Please send a separate slip for each student **(first and last name)** indicating how much money you want in that student's account. You need to send all slips and money in one envelope to your school.   The envelope needs to be dropped off by your student or yourself at the kitchen by 10:00 am.
